

CTY-A

- The most economic choice for manual transport and lifting
- With loading capacities 1000kg and 2000kg
- For Mast: 1000kg model uses channel steel and 2000kg model uses I-beam steel
- For Forks: Standard length 900mm (1000mm or 1150mm are optional), are made of high-quality steel plates.
- Outer and inner reinforcement to ensure strong loading capacity and durability.
Operation design: Pressure relief valve to control fork descent
